

Dear Friends of Wawa

We are following Government guidelines to create a safe environment for our customers and our team. Our restaurant has increased hygiene practices which include avoiding customers sitting face to face with people outside of their household, using screens to reduce contact, contactless ordering and providing hand sanitizer. Please only visit the restaurant if you feel well - we are asking the same of our team and this way we should make the restaurant a safe space.

In spite of all these changes required to stop the spread of coronavirus we are still the same friendly people serving great food!

We look forward to seeing you.
